EXPLANATORY NOTE.

Post War Scheme No. 93 contemplated the Provision of public health service, both prevention and curative for the workers and their families in respect of all existing industries and the setting up of an organisation Curative services, it may be stated that these will be provided to industrial workers under a State Indurance Scheme which the Government of India propose to introduce. Preventive services designed to safeguard and promote the health of these workers are at present rendered by the Public Health Department and through the machinery set up under the Factories Act and the rules and under that Act. It is now proposed to implement partially schemes No.93 by establishing a Bureau of Industrial Hygiene with a Central Organisation at Madras and two regional units, one at Guntur and the other at Madura during the next year. The posts proposed to be sanctioned for the Bureau and the two regional Health. ~~re~~ units are:

One Assistant Director of Public Health.
Two First Class Health Officers for regional units
One Industrial Chemist.
One Junior Superintendent.
One upper Division Clerk.
Three Lower Division Clerks
One Stenographer.
Six Peons.

The extra cost of the proposals is indicated in the summary at the top of this note.

This scheme is considered necessary in view of the Bhore Committee recommendations and the Health Indurance Scheme proposed to be introduced by the Government of India. It is accordingly proposed to make the necessary provision in the annual estimate of expenditure for 1948-49 as shown in the summary.
